

Anne of Green Gables at Home!

IMAGINE YOUR OWN ADVENTURE

In the book *Anne of Green Gables*, the main character, Anne, is *always* spinning up something in her imagination! Like her, you will be making the world around you a more interesting place today! Two of Anne's favorite activities include thinking up interesting place names and writing creative stories.

For example, Anne names the orchard near her house "The Haunted Wood," the pond near her friend's house "The Lake of Shining Waters," and the main road in town "The White Way of Delight." She also starts a story writing club with her friends!

As Anne once said about imagining, "Isn't it splendid to think of all the things there are to find out about? It just makes me feel glad to be alive—it's such an interesting world. It wouldn't be half so interesting if we know all about everything, would it? There'd be no scope for imagination then, would there?"

For the first part of our activity, find four places either in your home, your yard, or your neighborhood that you like and draw them in the boxes on the next page. After you've colored in each box, give the place a new name, one that reflects how special it is to you.
